

Connecting Industry

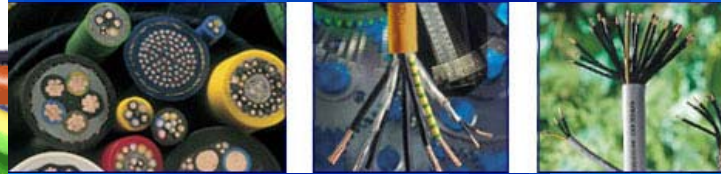

Resources Index

If you use machinery or equipment in your plant, it's likely you need to get both power and data from Point A to Point B safely and reliably. Call Electricomm first for:

- ✓ Bulk Cable & Wire
- ✓ Connectors & Interconnect Devices
- ✓ Wire Management Systems
- ✓ Custom Cable Assemblies & Harnesses
- ✓ Static Bonding Kits
- ✓ Robot Plug-and-Play Replacement Umbilicals
- ✓ Services

Bulk Cable & Wire

Electricomm provides you with a range of bulk and custom cables for any application, from composite power and drive cable configurations to fiber optics.

We work daily with the harshest industrial applications and environments and can provide you with the most advanced high-performance, high-quality products.

- Flexible Control Cables
- Tray-Rated Cables
- Torsional Robotic Power Cable
- Continuous Flex Control Cable
- High Temperature Cable
- Cables for Drives, Motors & Assemblies
- Bus and Ethernet Cable
- Fiber Optic Cable
- Automotive and Industrial Factory Automation Cable
- Profibus
- Ribbon Cable

Interconnect Devices

Electricomm has sources around the globe for connectors, interconnect components and accessories for virtually any industrial, commercial, harsh environment and military spec application.

- Circular connectors for Power and Signal Apps
- Metal and Plastic shell types
- Rectangular connectors
- Water submersibles
- D-Subs
- Automotive and Instrumentation
- Surface mount
- PC Board Terminals and Blocks
- Socket and edge card types
- Fiber optic
- Special panel or chassis mount configurations
- Reverse bayonet, threaded and snap-lock coupling arrangements
- Ribbon cable interconnect systems
- Micro connectors
- I/O connectors
- RF Coaxial

Wire & Cable Management Systems

... cable and wire accessories from specialized cable ties to application tools. Call and ask for one of our cable guys. Nine times out of ten, we'll be able to ship from stock.

- Self-vulcanizing wrap
- Shrink tubing
- Braids and woven abrasion protection
- Expandable sleeving for bundling cables and wires
- High temperature protection sleeving
- Corrugated Loom tubing
- Spiral wire wrapping
- Grommets and grommet edging
- Strain reliefs, cord grips and Kellum-type grips
- Flexible and liquid-tight conduit & accessories
- Wire and cable marking systems
- Cable ties & tools
- Wire duct raceway and chain flex tracks/tubes
- Terminals and splices
- Crimping, cutting & stripping tools
- ... And many more items. Please call.

Custom Cable Assemblies, Wire Harnesses, Panels/Liners

Electricomm specializes in designing and manufacturing custom assemblies from high voltage, high-flex power cable assemblies to simple pig-tails and test wiring harnesses. If it carries power or data, call us for your custom needs.

- Custom servo and encoder cable assemblies
- Power and sensor cable assemblies
- Mould temperature and thermocouple cable assemblies
- Teach and remote pendant cable assemblies
- Light curtain assembly kits
- Customized "plug-and-play" kits to replace hardwired systems
- Wiring test and extension harnesses
- Machinery control panels/liners, pre-wired junction boxes, etc.

Static Bonding Kits

- ✓ Hand & ground clamps
- ✓ Lugs and terminals
- ✓ Ground balls, rods, pipe clamps
- ✓ Standard & custom grounding
- ✓ cable assemblies
- ✓ Complete installation services

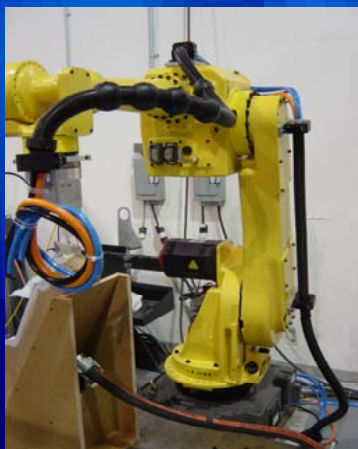

Full kit or accessory components. Off the shelf or custom . . .

If you need grounding cable or retractile grounding cable, we have this available in a variety of sizes and materials also.

Robot Plug-And-Play Umbilical Systems

If you have chronic robot breakdowns, replace hard-wired OEM-provided cables and hoses with selectable standardized plug-and-play kits. These pay for themselves on first installation.

Service

Customer service is our hallmark. Our success is predicated on helping Maintenance Managers, MRO Specialists, Process Engineers, Electrical Systems Designers, Automation Integrators and Capital Equipment Asset Managers be at their most effective.

- Repairs, Rebuilds and Replacement Capabilities
- Reverse engineering & manufacturing
- New application design
- On-site visual diagnostics
- Max/Min spares inventory set-up, monitoring and management on-site
- Large volume OEM outsourcing capabilities
- 24/7/365 Service & Maintenance contracts
- Direct pick-up and delivery (personalized to your needs)
