

Custom Static Bonding & Grounding Kits & Components

Resources Index

Neutralize static build-up of electricity in paint booths, barns, drum storage areas, fueling depots, container transfer and many other applications where static build-up can cause personnel injury and extensive damage to property. Ask about our rugged, long life STATIC BONDING cable and clamp/lug assemblies. These can be configured to your specific requirements and follow IAPA guidelines. We also do complete static and grounding kit installs at your site.

- ✓ Hand & ground clamps
- ✓ Lugs and terminals
- ✓ Ground balls, rods, pipe clamps
- ✓ Standard & custom grounding cable assemblies
- ✓ Complete installation services
